10. Please provide any other thoughts you might have on the issue of health freedom that you wish to share with voters:

I am opposed to all forms of medical tyranny, including vaccine and mask mandates. We have the freedom to accept or reject any and all medical treatments, for ourselves and for our minor children. The government, employers, merchants, groups, schools, institutions, and other entities should not be able to coerce us to receive any medical intervention, including vaccinations, without our express permission.
