

# MASSACHUSETTS PLEASE SHARE YOUR C19 VAXX STORIES OF INJURY, LOSS & COERCION

Experienced an adverse event? Lost a loved one?  
Lost your job? Lost access to education?  
Share your story at [tinyurl.com/HRMAStories](https://tinyurl.com/HRMAStories)

Help us protect health freedom in Massachusetts !  
Sign up for updates on MA health freedom bills at [HealthRightsMA.org](https://HealthRightsMA.org)

Scan here to share your vaccine injury or coercion story

Visit **[HealthrightsMA.org](https://HealthrightsMA.org)** for more information and to sign up for the latest email updates about protective health freedom legislation in Massachusetts.

**Health Rights MA is collecting stories of injury, loss and coercion due to the Covid vaccines from Massachusetts residents to share with legislators,** many of whom do not know about the significant dangers/side effects associated with these shots. Please share your story; our legislators need to hear from you!

### **Why are we asking for your story?**

- To educate Massachusetts legislators and public health policy makers and increase their awareness and understanding of COVID-19 vaccine injuries in Massachusetts.
- To inspire lawmakers to take action to stop all mandatory vaccination programs and coercive tactics by passing protective legislation and to work to help those who have suffered vaccine injury get the medical and financial assistance they need to heal.

**PLEASE SHARE YOUR STORY.** Go to <https://tinyurl.com/MAVAXINJURY>. You can also find a link to this form on the [HealthRightsMA.org](https://HealthRightsMA.org) homepage.

We will only share the information you give us with legislators - we will contact you first if we seek any further permissions. We may also reach out to ask if you are willing to attend a meeting on Zoom or in person to share your story.

We are currently working on a booklet to be delivered to MA legislators and public health policy makers called “The Face of Vaccine Injury in Massachusetts.” This booklet will contain stories and photos on people who have sustained vaccine injuries, as well as a section on people who have suffered coercion, job loss and other harms for refusing to get a Covid shot.

We are also planning lobby days and private meetings with legislators face-to-face or on Zoom for those that might be willing to share their stories.
